

## A Di Bucci & Son Wins Top Home Award

**A Di Bucci & Son has taken out the Top Home Award at this year's Master Builders-Bankwest Housing Excellence Awards.**

The Bicton home, built by A Di Bucci & Son, also won the category for Best Contract Home in the price category \$1.5 - \$2 million.

This two-storey family home is a timeless masterpiece that provides understated luxury and comfort. The featured sandstone columns, Chinese stonework, clay slate tiled roof and arched openings assert a statement of style. The portico, flanked by columns, has a vitrified tiled floor.

There are five bedrooms all with ensuite and spacious walk in robes. Swan River views, seen immediately from the entry foyer through the living room, can be more fully enjoyed from all the entertainment rooms and balconies throughout the magnificent home.

The lower floor is replicated on the top level with the kitchen replaced by a generous sized bar with vaulted cedar ceiling. Special light effects through strategically placed lighting highlight the home at night providing scenic ambiance and highlight the many iconic features.

Master Builders' Director, Michael McLean, congratulated Greg Di Bucci & his team at A Di Bucci & Son for winning this year's Top WA Home award.

"A Di Bucci & Son impressed our panel of 25 independent judges with their remarkable quality of workmanship in building this Bicton home."

"It is an incredible endorsement of the team at A Di Bucci & Son for them to have won our Top Home Award 6 times since we introduced this award 20 years ago," Mr McLean said.

"Master Builders will always be proud to showcase the best housing on offer to the WA home-buying public through top of the rack builders like A Di Bucci & Son."

The Master Builders-Bankwest Housing Excellence Awards are unique in that they recognise the best builders based exclusively on their construction excellence and quality of workmanship. Each year a team of experienced building judges inspect nominations in a variety of categories which include individually designed contract homes, display homes, renovations and transportable homes.

The awards were presented at a gala function at the Perth Convention Exhibition Centre on 12 March attended by a crowd of over 835 builders, support staff, sponsors and guests.

There was a record number of over 330 entries received this year, which reflects a strong residential construction market across metropolitan and regional areas of the state.

A Di Bucci & Son and other award-winning homes will represent WA at the national Master Builders Housing and Construction Awards on the Gold Coast on 12 November 2011.
