HOW DOES YOUR DONATION MAKE A DIFFERENCE TO SUICIDE RATES?

\$150 DONATION

1x General Awareness Training: Participants get to appreciate the statistics behind the elevated suicide rates in the Housing and Building industry. They become aware for what to look for when they or their mates are doing it tough and more importantly what to do about it.

\$600 DONATION

Connector Training: Volunteers who want to do more to help the industry learn a deeper awareness of people who may have thoughts of suicide, how to interact with them, how to bring them to a place of safety, keep them safe and connect them to additional help. They are the "Go-To" people on site. Evidence based, best practice, internationally recognised training.

\$2,640 DONATION

ASIST: a two-day interactive workshop in suicide first aid. ASIST teaches Volunteer participants to recognise when someone may be at risk of suicide and work with them to create a plan that will support their immediate safety. ASIST is internationally recognised training widely used by healthcare providers, but available to all through MIC.

\$1,200 DONATION

Case Management: clients in need are met by a qualified Case Manager. Information is kept confidential and is password protected. Clients are followed up regularly and significant others in the person's life are supported as required.
