

SUPERVISE TILT-UP WORK

CPCCB4022A Supervise tilt-up work

WHY ATTEND?

This unit of competency specifies the outcomes required to organise, coordinate and supervise tilt-up work on site. The knowledge and skills required to apply licensing and other regulatory requirements to the process are addressed. This unit of competency is a compulsory Worksafe requirement for those people that supervise or intend to supervise a tilt up site.

PRE-REQUISITE

CPCCCM1016A Identify requirements for safe tilt-up work or equivalent.

WHAT WILL YOU LEARN?

- Code of Practice
- WorkSafe notification requirements
- Documentation requirements
- Emergency planning and procedures
- Construction sequencing
- Crane operations
- Propping
- Inspection requirements
- Site specific management plan

A Statement of Attainment will be awarded by Frontline Safety and Training (RTO 50791) upon successful completion of course assessment requirements.
