A PARRRFECT DAY ON COURSE

Master Builders were once again blessed with superb weather, with not an ounce of rain to be seen when they held their annual Master Builders/Midland Brick Corporate Golf Day on Friday 22 May at the Geraldton Golf Club.

70 Golfers were treated to a 9 hole Ambrose along with on-course Bowen massages and sausages cooked to perfection by R & R, Rory & Roy from Kingspan. The day provided a perfect opportunity for the building industry to meet up again and share a few laughs over a great game of golf. It was great to have a team from Chapman Valley Shire attending and joining us again.

This annual event is now celebrating an amazing 16 years and continues to be a popular day with builders, trades and industry partners. Results on the day were;

- WINNERS:** Ashley Cooper, Paul Walton, Craig Lucas, Kim Clarkson
- RUNNERS UP:** Hagan Keating, Glen Coombs, Dean Pascoe
- BEST GROSS:** Paul McFarlane, Trevor Greenaway, Peter Wilson, Craig O'Neill
- NAGA:** Adam Searle, Danny Park, Wayne Gregory, Jason Raymond
- NEAREST PIN #2:** Aaron True
- NEAREST PIN #5:** Ryan Kneale
- NEAREST PIN #8:** Carlo LiCastro
- LONGEST DRIVE #1:** Hagan Keating
- TIREDEST PLAYERS:** Chris Edwards, David Blakemore

Trouble with award rates or managing apprentice wages?

Get your apprentice payroll done online
MEGT has taken the hassle out apprentice payroll by coming up with an easy, web based solution. Simply register online and confirm your apprentices' details with us and let MEGT process the wages each week based on an electronic timesheet system.

You'll no longer have to worry about

- apprentice Award rates
- calculating taxation amounts
- calculating superannuation amounts
- managing bank deposits.

It's easy. The only fee you'll pay is \$25 plus GST per timesheet, per week.

Register today at www.megt.com.au/Payroll or call 0417 405 722

CONGRATULATIONS

WINBAC GOES UNDERCOVER

The June "Women in Building & Construction Dinner at Master Builders with Guest Speaker Nina Hobson was without a doubt a winning event. Nina was asked to "please keep talking" as she was so interesting and inspiring. Her life history and her journey to where she is today had the ladies just enthralled.

As Executive Director of Meridian Services, Nina already has a high profile in Perth, and is gaining recognition in far flung places like Africa. However, most people will not be aware of her previous career as a British police officer, followed by two high rating television programs, Undercover Copper and Undercover Mum, all of which required great skill and true courage. We heard stories of her dangerous escapades and what else could we say but WOW, simply amazing!

Event sponsors Chris Rafanelli - DaVinci Tile Gallery, Wendy Norris - GOPP & Peter Mountford - All Décor, gave a brief overview of their business passions and achievements. We are currently working on a time for Nina to return so all members are given the opportunity to hear her stories – Watch this space!!

Thank you

EDDIE'S CORNER

FLOOR COVERINGS

Floor coverings play a vital role in energy efficiency and achieving a 6.0 star NatHERS rating.

Various combinations provide different outcomes for a floor covering and these include thermal mass, insulation, orientation, glazing and living zone type.

In the south of the state polished concrete, tiles and slate all provide the thermal mass to heat our zones whereas carpets, vinyl and laminated timber floors provide an insulating factor.

In the north of the state polished concrete, tiles and slate can provide a cooling affect if the solar radiation is unable to penetrate to these surfaces and the interior of the zone is kept cool.

Keep in mind what the zone is being used for (Living, Bed etc), the time of the day or night it is being used, the location, the orientation and the prevailing climatic conditions.

Your experienced energy rating assessor can provide expert advice for an improved outcome.

Keep well

Regards

Eddie Roe - True North Energy
