The subdivision process can often be confusing with the planning requirements, forms and information necessary, local and state government involvement in the process.

Topics covered in this 4 hour course:

- What to look out for when buying property for subdivision?
- Do I green title or survey strata, what's the difference?
- How do I design my subdivision and what things do I need to look out for?
- Do I build or subdivide first?
- Who can help me get my subdivision through?
- What approvals do I need and what will they be looking for?
- What are some of the cost involved in subdivision?
- What issues are we can expect to face before and after?
