Host Employer: Crothers Construction Pty Ltd
Employer ATC Midwest

A "Carnivale" theme set the mood for the Master Builders Midwest Building Excellence Awards 2015 held at the Batavia Grammar Hall Saturday 17 October 2015.

It was a parade of celebration, beautiful colours and fun. The night began with All things Dance. Thank you to Luca, Antonio, Aaliyah, Amy, Bella, Ava, and our ribboned dancers, Anna & Joel who performed acrobatics beyond anyone's imagination.

The venue once again looked spectacular thanks to Cathy, Peter & team at Let's Party. ABC Radio personality George Manning dressed for the night with a large coloured bow tie, gold embellished jacket adorned with colour and glitz. As always his humour had the room relaxed and laughing as the night progressed announcing many surprises.

Winners covered entries in both residential and housing, from Jurien Bay to Dongara, Greenough, Geraldton, Carnarvon to the North back to Port Gregory finishing in Perenjori. New judge this year, Albany Builder Nigel Ryde, accompanied long time Judge and MBA Life Member Charlie Baggetta through a six day timetable of entries. Charlie was most impressed with the high standards this year and commented how lucky the region was to have builders who were obviously proud of their work and were keen to keep their standards high.

Triton Building won the prestigious Brian Neil Award and Best Building Practice along with three housing and two Trade Awards.

The Commercial sector saw Geraldton Building Services and Cabinets take out a number of special awards with Best Customer Service for a Small to Medium Builder, the winning apprentice, Employer, Trainer of the Year & Commercial/Industrial Building \$1,000,000 - \$2,500,000.

Carpentry & Joinery Apprentice Nathan Poletti was awarded the prestigious Kevin Giudice Apprentice of the Year 2015. Nathan started with GBSC at the beginning of 2013, completing works for GBSC on sites based locally and remote across WA. He can be relied upon to organise himself to attend the sites with the required tools and PPE as per the site requirements and has the ability to work unsupervised showing this ability from an early stage of his apprenticeship.

Nathan displays a conscientious work ethic at all times and a committed approach to health and safety. He also displays a mature outlook and represents GBSC in a professional and courteous manner. Congratulations Nathan.

To complete a perfect night, top awards were announced with excitement. The Bankwest Overall Best Commercial Building was won by EMCO Building for their Carnarvon Police & Justice Complex project which houses a separate Police Building, Court Facilities, and Community and Youth Justice Service's area. Designed in consultation with the local community, the building provides a high quality facility that maintains its connection with the local environment whilst demonstrating that high quality and durability can be combined to provide unique buildings in the Regions

The Lysaght Overall Best Country Home 2015 was won by Dongara Builder, Port Denison Builders. The team hired a bus for a four hour turnaround trip to the awards, making their journey well worthwhile.

The Retreat Boulevard residence at 4 Retreat Blvd, Port Denison, comprises a custom built two storey family home within Port Denison's prestigious Retreat Estate. Overlooking the picturesque Irwin River meeting the sea, this quality Port Denison Builders built home encapsulates design functionality while providing maximum enjoyment of the scenic natural surroundings.

RSM's photo booth proved to be a total winner. Sincere thanks to Stacey Heberle and her bar staff & to Dalgleish Catering.
