Successful Selling

Pretty much anyone can sell when the market is hot, but it takes skill to sell successfully in a saturated market.

In this 4 hour workshop, you'll learn how simple selling can be. By creating a pre-planned series of steps to build momentum, you'll learn to take prospects to a point where it's almost inevitable that they will say 'yes' to you.

If you work anywhere where there's a complex sales environment (in other words you're not selling chewing gum in a milk-bar, or nails at Bunnings), be it as a pre-start consultant, client liaison, landscape designer or fit-out consultant, this workshop will help you sell more successfully.

By the end of this workshop, you'll have created your own personal, step-by-step sales system. You will also: -

- ❖ Learn how to ask the right questions to move the prospect on to the next stage of the journey;
- ❖ Learn what listening attentively feels like so that you can spot the buying signals as well as the objections, early;
- ❖ Create your own step-by-step sales process using a ready-made blueprint as your guide;
- ❖ Develop a successful selling attitude and mindset;

Learn how to overcome objections and get to the truth so that you don't waste time trying

Through story-telling, experiential exercises and case studies, you'll discover that selling is not hard....unless you make the number one mistake that the majority of mediocre sales people make!
