SUCCESSFUL SELLING

Are you aware that around 94% of sales are made without taking price into consideration.

The problem for many 'experienced' sales people is they develop very bad habits that complicate the sales experience, resulting in delays, frustration and lack of business. The problem for many 'new' sales people is that they're so eager to do business that they rush in and lose the opportunity by tripping themselves up.

If you want to improve sales performance, get sales faster and keep customers longer, then this course is definitely for you. Create your own personal sales plan makeover and stop wasting time with tactics that produce little or mediocre results so that you can start creating magnificent success in any sales environment you choose.
