# CONSTRUCTION CONTRACTS ACT & RAPID ADJUDICATION

Adjudications under the Construction Contracts Act (CCA) are becoming a common form of interim dispute resolution. You will be caught out if you don't know your rights.

This 4 hour short course conducted by Western Australia's largest independent law firm, Jackson McDonald, is a **must** attend for all working in the construction industry.

Be careful – there are a number of traps for you in the adjudication system under the Construction Contracts Act (CCA) that will be used against you – or which you can use to support your position.

The course, designed for Master Builders WA, covers:

- Introduction to the Construction Contracts Act
- Operation of the CCA:
  - What does it apply to?
  - How does it operate?
- Preparing and responding to payment claims
- Referring a payment dispute to adjudication
- How to prepare applications and responses
- The adjudicator & the adjudication process
- Determinations and enforcement
- The future of the CCA
