## Series 2 DELAY, DISRUPTION, EXTENSION AND PREVENTION

When the job does not get done on time, someone has to bear the losses. In this 3 hour workshop, we will look at how you can protect yourself from the risks associated with delay. When and how you can avoid having to pay for preventable delays, and issues relating to unavoidable disruptions, extensions of time, liquidated damages and prevention by owners.

Topics covered in this 3 hour workshop:

- The power of LDs
- The prevention principle: kryptonite for LDs
- Unilateral EOTs: the prevention principle's antidote
- Time bars on late EOT claims by contractors
- Dealing with delays when time is at large
- Contractors' claims for owner-caused delay
- Concurrent causes of delay and the rule against "global claims".
