BCA Water-proofing of Wet Areas

This course looks at the requirements of water-proofing of wet areas in residential buildings. Common problem areas encountered by builders in the installation of water-proofing will also be discussed.

Topics include:

- **Minimum shower construction requirements**
- **Bath installation**
- **Waterproofing of domestic wet areas to AS3740 including falls and joints**
- **Floor wastes and other penetrations**

At the completion of the course the participants will have a better understanding of the minimum water-proofing requirements of the BCA and Australian Standards for residential buildings.

The workshop will be interactive and participants are encouraged to be involved with the situations that will arise throughout.
