Master Builders WA welcomes announcement on NCC 2019 deferral

20 April, 2020

Master Builders WA welcomes today's announcement by the State Government of the deferral of the National Construction Code (NCC) 2019 for Western Australia.

"In a letter to the Western Australian Premier on March 19th, Master Builders requested the State Government provide an additional transition period for the NCC 2019, in efforts to assist dealing with COVID-19. We are pleased that the Government has agreed and confirmed the deferral." according to Master Builders Western Australia Housing Director, Jason Robertson.

"The State Government and the Attorney General's office have shown great stewardship, through Master Builders engagement, to deliver an outcome that will benefit our industry and the consumer with immediate effect."

"Such measures are all about assisting as many people as possible. This is about keeping businesses afloat, getting people into their home, and having one of the main economic drivers continuing to run throughout this crisis." Mr Robertson concluded.
